A LITTLE LESS PREP. A LITTLE MORE WONDER.

Gemstones

Fifty-two small treasures, from blue azurite to a ruby fit for a royal ransom.

How to use. Roll d100 once; read 00 as 100. Find one gemstone, worth the listed amount in gp. These custom ranges choose type and value together. For an official hoard, roll its value and quantity first, then use the matching value list in the treasure reference.
